Description: New Sticky Notes app for Windows 8/8.1/10 Mobile. Now you can use your keyboard to quickly launch your favorite sticky notes. There are several different types of notifications, reminders, and alerts on your phone; however, sometimes you don't feel like opening them with your finger, which means you may need to press your notification key to bring up the notifications menu. Also, the keyboard can be an excellent way to open your main app and perform the actions you need it to, but if you don't have any pins on your keyboard, you are forced to open the notifications menu using the touchscreen. QuickStick Notes fixes all of this, as it lets you quickly use your keyboard to bring up your notification menu, and it adds pins on your keyboard to allow you to easily access notifications and shortcuts. Your notification, reminder, or alert is now accessible with a few simple key presses. Start using QuickStick Notes to quickly access your most important notifications with your own keyboard, the key is simple: - Press and hold the Home button, then tap on any of the four keys on the top left of the keyboard - Select the Notifications option under QuickStick Notes Description: The Clique App is a unique game that allows players to form teams of up to four players to score against the CPU. This game is much more than a simple sport game, with many unique team objectives like the Extract Stitch, and Power Pass, to name a few. Clique Game also lets you select the difficulty level of the game, which lets you take your experience on the
